# COLLABORATING WITH OUR CLIENTS

## CREATIVE TOOLS FOR SAFETY SOLUTIONS

## SAFETY POLICIES & BRIEFINGS

**Safety Policies** are documents that handle **OSHA: General Industry & Construction, FMCSA, MSHA, Hospitality, and Insurance** compliance. These policies are a creative approach to traditional safety manuals. **Safety Briefings** are easy to read and quick to deliver; so managers can efficiently incorporate safety into their day-to-day workflow.

### SAFETY POLICIES

- Safety Manual Solutions
- 100% turn-key compliance
- Custom topics to meet your requirements

### SAFETY BRIEFINGS

- Safety Regulations in minutes
- Audit-proof record keeping
- Driver for culture change

### UTILIZING THE POWER OF GOOGLE

- Easy Delivery options
- Cloud-based Solutions
- Flexible options to reach your company goals

### Mobile app

#### Inspection app for teams

The iAuditor mobile app provides a digital home for the completion of inspections – no more walking around with a pile of papers, clipboard, and pen!

### Corrective actions

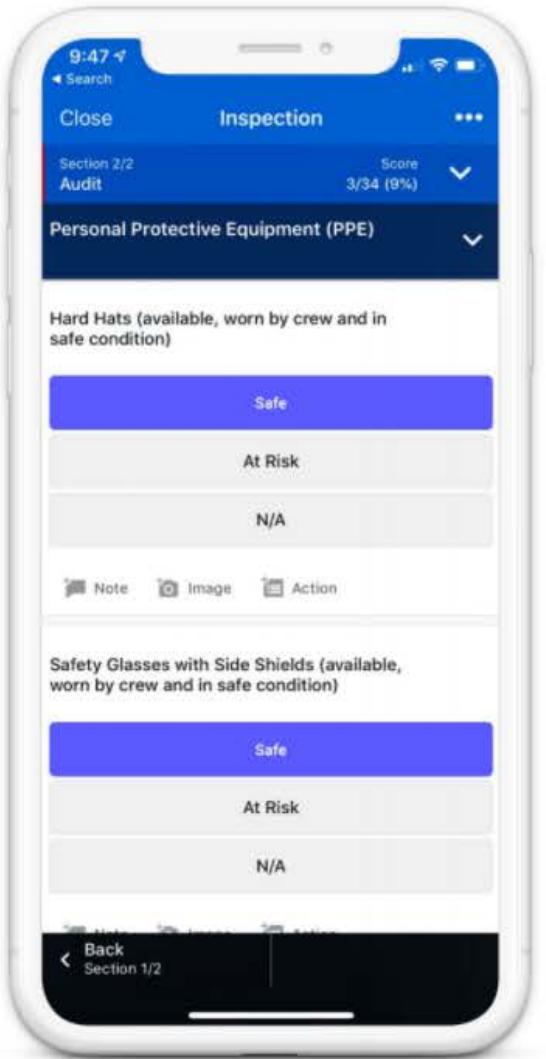

#### Fix small issues before they become big

Create correction actions while completing an inspection. Send notifications, issue reminders and monitor task completion.

### Scheduled inspections

#### More inspections completed on time

Inspections are scheduled directly to the device so users know what needs to be done and when

**50,000**  
Inspections  
completed  
every day

**Seven  
hours**  
Saved on  
average per  
inspection  
process

Reports  
produced  
**Eight  
times**  
faster

**93%**  
Of customers  
say iAuditor  
has made a  
positive  
difference in the  
workforce

**83%**  
Of customers  
say their  
problems are  
solved faster  
because of  
iAuditor

# Transportation & Fleet Safety

Any workplace accident or injury will result in losses for a business, but few are as expensive or serious as those involving business fleet vehicles. On average losses involving fleet vehicles cost companies nearly twice the number of moderate workplace injuries, \$70,000 involving fleet vehicles versus \$36,600 without. To better protect employees and reduce company risk, businesses need to develop an effective fleet safety program that helps promote a safer work environment.

## OUR SERVICES INCLUDE:

- Defensive Driver Training
- Educate on Driver Hiring & Skills Assessments
- Perform Accident Investigation & Prevention Audits
- Driver Screening Processes
- Regular Vehicle Inspections and Maintenance
- Audit Driver Logs (including eLogs)
- Review In-Cab Camera & Accident Avoidance Data
- Providing written policies and procedures
- Implement Drugs & Alcohol Compliance Program
- Safety-on-the-Go training for Drivers
- MVR Checks and Best Practice Review
- Sleep Apnea Awareness Training
- Telematics and Camera Deployment Experience
- InCab and Dashcam Programs and Policies

# LAW ENFORCEMENT SAFETY & SECURITY

As we all know, the world is simply a different place today, based on catastrophic events that seem to headline the news regularly. There is no company exempt from the mayhem in the workplace. As part of a proactive stance towards decreasing these uncertainties, we have engaged our clients with security/vulnerability audits, employee theft interviews, security system evaluations, and on-the-job HR training to minimize these exposures. Our goal with these offerings is to mitigate this risk, putting your company in a better position to safeguard against these situations.

## OUR SERVICES INCLUDE:

- Security & Vulnerability Assessments
- Active Shooter and De-escalation Training
- Workplace Violence | Violent Intruder
- Sexual Harassment in the Workplace
- C-TPAT- Supply Chain security certifications
- Camera Layout Studies w/ Diagrams
- Stress Management training
- Management Leadership training-how to elevate a person's responsibility and accountability to be a better leader
- Cyber Security
- Driver Safety Training - Event Awareness
- Civil Unrest Training

# Healthcare Industry

---

UNITED, we can be safe. The health and safety of all employees are at the forefront as we navigate through this pandemic and into the future. Most businesses feel like they're constantly trying to learn what's new, keep up with the changes, and adapt accordingly to the need of a changing safety culture. When it comes to the safety and health of your employees, you may be wondering...

## OUR SERVICES INCLUDE:
